Document #: **APM-RG-REACH-1000**

January 16th, 2018

**Declaration of Compliance with
European Union “REACH” Legislation**
(Regulation, Evaluation and Authorization of Chemicals)

Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorization and Restriction of Chemicals, otherwise known as “REACH”, states that manufacturers have a responsibility to identify and communicate to customers if “Substances of Very High Concern” (SVHC), as defined and published by the European Chemicals Agency (ECHA), are contained in their products at greater than 0.1% by weight.

This letter certifies that the products manufactured by APM Hexseal Corporation do not contain any of the listed SVHCs, published by the ECHA on January 15th, 2018, in concentrations greater than the allowed 0.1% by weight limit.

Based on the above, APM Hexseal is in compliance with the current REACH legislation concerning SVHCs, as specified in Article 33.

Signed for on behalf of
APM Hexseal Corporation

A handwritten signature in blue ink, appearing to read 'KFoster', is positioned above a horizontal line.

Kenneth Foster, Vice President of Operations
