DID YOU KNOW?

APM Custom Designs Superior Sealing Solutions

APM Hexseal was called upon to design a reliable seal that will stay in place and withstand the harsh conditions of heavy wash-downs required in the medical and food equipment environments.

APM Hexseal delivered a single-piece molded design tethered connector cap with embedded logo specifically designed to provide a water tight seal every time. Visit [APM Hexseals'](#) website to inquire about your custom sealing solutions.

DID YOU KNOW?

APM Hexseal Provides the Sealing Capabilities to Outlast Any Environment

For more than half a century, [APM Hexseal](#) has been 100% focused on the development and production of internal and external sealing solutions for electrical and electronic applications, from automatic test equipment to automation, from marine to military, from relatively simple to complex geometric configurations, many requiring bonding to metal components. [APM Hexseal](#) has proven their potential in every industry and in any environment. Visit [APM Hexseal's](#) website to learn more about their patented line of products.

ASK APM

Engineering Design to Meet the Needs of Any

Environment

APM Hexseal's technical staff work with, or as, your design engineering team to develop a reliable, cost-effective seal which meets your unique application needs. Working within the context

of your overall system design, **our products, and manufacturing engineers** will create a sealing solution which addresses your performance and cost objectives. Visit **our website** for more information and how you can **contact us** for custom solutions for your business needs.
